ADITYA KUMAR

Barwan Ratti Patti Nagra, Ballia, Uttar Pradesh | +91-9023208267 | aaditya0775@gmail.com

PROFESSIONAL SUMMARY

Full Stack Web Developer with hands-on experience designing and building responsive websites, web applications, and education management systems using HTML5, CSS3, JavaScript, PHP, and MySQL. Strong foundation in UI/UX design, database management, and performance optimization, with a track record of delivering functional, user-focused platforms from concept to deployment. Quick learner with strong problem-solving skills and a collaborative approach to development.

TECHNICAL SKILLS

Languages & Web: HTML5, CSS3, JavaScript, Bootstrap, PHP, C Programming

Database & Backend: MySQL, DBMS, Python

Tools & Platforms: Git, GitHub, MS Office (Word, Excel, PowerPoint), Tally Prime, Adobe Photoshop, Adobe PageMaker, CapCut

PROJECTS

SkillSum — Professional Company Website

- Founded and independently developed a full company website to showcase services and establish brand identity, from wireframing through deployment.
- Implemented responsive front-end design ensuring consistent performance across desktop and mobile devices.

Education Management System (EMS)

- Built a full-featured web platform to manage courses, syllabus content, notes distribution, and student records.
- Designed a MySQL database schema to support downloads and structured record retrieval, streamlining administrative workflows.

Student Internship Management System

- Developed an end-to-end system to manage student internship applications, application tracking, and reporting.
- Automated status tracking to reduce manual follow-up and improve visibility for administrators.

Attendance Management System

- Created a comprehensive system for recording and managing student attendance with reporting features.
- Structured backend data models to support accurate, real-time attendance tracking.

EDUCATION

Diploma in Computer Science and Engineering (In Progress)
Mahamaya Polytechnic of Information Technology, Dhanapur Chandulali

Advanced Diploma in Computer Applications (ADCA) — EDGE Education, 2023–2024
